

# Toppan USA exhibits at PACK EXPO Las Vegas 2017

POWERING INNOVATION  
IN PACKAGING

September 25-27, 2017 • Las Vegas, NV

Visit Us at Booth #8244

Register for Free!

In April 2016, Toppan USA opened the first plant outside of Japan for the world's leading transparent barrier film GL FILM production. The plant located in Griffin, Georgia, started the production and local support for GL FILM.

It has been over a year and we have been expanding the product lineups of GL FILM and other solutions that accommodates the various needs of customers in North America, Latin America and Europe.

NEW PRODUCTS and SOLUTIONS will be exhibited at PACK EXPO Las Vegas 2017.

Please **VISIT** our booth and **DISCUSS** your needs with our staff!!!
